

***Presidents Message Fall 2017***

***It has been quite a year although very successful, our staff has had a few hurdles to contend with along the way.***

***Early summer began with generator problems that resulted from a broken line that had been below lots of snow in the ditch and then was under water.***

***Then came the storm of July 7th and the trees came down as well as the power lines. But never fear we have a staff and helpers that had the camp back within a week even without hydro. Everyone was very understanding when we had to shut down the camp the week of July 9th to 15th in order to get everything up and running for Dialysis for the balance of the season.***

***The addition on the Recreation hall has added many conveniences to the running of the camp and we plan to have an open house next summer for the 40th anniversary of the camp.***

***Jim did his Bike ride again this year (3rd year) to raise monies for the camp. Amount raised is not known at this time.***

***Steve will be upgrading cottage # 8 this winter, and work has already started. If you can help in any way, please contact Camp Manger Steve @ 705-766-2780 or email him at [steve woolman@xplor.net.ca](mailto:steve woolman@xplor.net.ca). Camp events and work parties are noted on our calendar at [www.lionscampdorset.ca](http://www.lionscampdorset.ca).***

***Thank You to our Lions Family for the continuing financial support provided to the camp as well as the work parties that have kept the camp in tip top condition. Without this support we could not provide the excellent facilities for the patients and their families.***

***Thanks to our camp manager Steve and his staff, and also to Barb and her medical staff we once again had a camp full of happy campers.***

***Lion Mariette Desjardine  
President  
Lions Camp Dorset***
